

# District of Mackenzie

## Appliance and Toilet Rebate

### Application Form

Residential property owners within the District may be eligible for a rebate under the District's Municipal Appliance Rebate Program when replacing an older, high volume household appliance including toilets, washing machines and/or dishwashers.

#### Toilets

- \$75.00 for a 4.8L fixture
- \$100.00 for dual flush 3.0L/4.8L fixture
- \$125.00 for a 3L flush toilet

#### Washing Machines

- \$150.00 for appliance with a water factor less than 6
- \$200.00 for appliance with a water factor less than 3

#### Dishwashers

- \$150.00 for appliance with a water factor less than 6
- \$200.00 for appliance with a water factor less than 3

Rebates are processed on a first come first serve basis. The District of Mackenzie is not responsible for the installation or function of new appliances and reserves the right to inspect premises to confirm the installation of qualifying appliances. Only CSA qualified toilets, washing machines, and dishwashers are eligible for a rebate. Only appliances and toilets that increase efficiency from existing units will qualify for the rebate. Appliances/ Toilets purchased before December 1st, 2020 do not qualify for a rebate.

#### To receive a rebate the applicant must meet all criteria below:

- Application must be made within 90 days of purchase.
- The replacement must meet the qualifying criteria (visit the District website or call Public Works 250-997-3761 to ensure new appliance qualifies).
- The replacement appliance must be installed in accordance with the BC Plumbing Code and confirmed by an inspection by District staff.
- The old appliance must be dropped off at the Public Works yard and confirmed by a District Staff member.
- Please submit sales receipt with application form.
