8. ADJOURNMENT

Dear Mayor & Council,

The Forest Enhancement Society of BC is having an intake to fund wildfire mitigation projects and the McLeod Lake Mackenzie Community Forest is going to submit an application for funding to continue the works along Hwy 39. There is approximately 80 hectares of high hazards remaining along the corridor and MLMCF would like to treat them. This is a continuation of the project we started in 2019 and will utilize the Fuel Management Prescription that is in place. With the expansion of the MLMCF tenure area to include a big portion of the corridor it should streamline the permitting. MLMCF is asking for a letter of support from the District to include in the submission to FESBC.

Thank you for considering supporting MLMCF in our submission.

Sincerely,

Ian LeBlanc

Wildfire Project Coordinator
